

Medical Arts Building Entrance Receiving Curbside Access

Beginning Friday 10/1/10

Patients entering MCH's Medical Arts Building can enter via our side entrance (**See #1 at right**). Patient Parking access for this new entrance will be in Lot H located to the front left of our Medical Arts building. This entry location will allow for access to our Medical Arts Building while construction occurs on our new Main Entrance/ Drive-through Canopy.

On Friday, 10/1/10, our Medical Arts Building End Entrance, (**See #2 at right**) will be closed for all traffic as construction begins to remove the existing canopy and sidewalk in preparation for the installation of an extended canopy that will allow for a drive-through, curbside access to our facility (**See #3 at right**).

Construction on the new Canopy Entrance is scheduled for completion December 15, 2010. A fire-exit door located to the right of the main entrance (not visible on map above) will also remain accessible throughout the construction.

As Work Continues:

Throughout this phase of construction, patients can also access all offices in our Medical Arts Building through our Side-Entrance, near our Pediatric Offices. This entrance, located to the immediate left of MCH's Main Entrance is marked, "Emergency Care" and also serves as our walk-in care entrance for our Emergency Department during the construction of our new Sarah Hogate Bacon Emergency Department.

Please check MCH's web site at: www.monadnockhospital.org/expansion for the latest changes to parking and driving patterns.

Please remain alert and drive slowly and carefully on the hospital grounds as construction continues.

Monadnock Community Hospital
Care comes first
